Dear Researchers,

It is great pleasure in inviting you to participate in the National Conference On "Recent Trends In Biological and Environmental Sciences" (NCRTBES-2025) to be organized by Post Graduate Department of Zoology, Yogeshwari Mahavidyalaya, Ambajogai (Maharashtra) during 17 th-18th January 2025. We look forward for interesting deliberations on the subject during the conference and come-up with valuable recommendations to the implementing agencies.

ABOUT THE COLLEGE

Yogeshwari Mahavidyalaya established by Yogeshwari Education Society in 1956 is one of the oldest Scienc College in the rural area of Marathwada region of Maharashtra, which has been reaccredited by NAAC with A grade (CGPA-3.11). The College has a friendly atmosphere and it gives students a chance to learn, grow and develop into good personalities that help them in their career options. This is a research-oriented college where many research activities go on the side by side along with a strong curriculum. There are Undergraduate and Postgraduate programs available for the students. This institute follows a holistic approach and the curriculum is better compared to Indian Standards. The college helps its students to focus more on Co-curricular activities and also extracurricular. This helps the students to stay fit mentally and physically. The College has a placement cell where students are trained in all aspects of resume building to internships.

The College is flourishing under the able guidance of Hon'ble Mr. C. L. Bardapurkar, President, Yogeshwari Education Society. The excellence in the academic development vision to credit of dynamic leadership of Principal Dr. M. V. Kanetkar.

ABOUT THE DEPARTMENT:

The Department of Zoology established in 1957 and it was not only to create opportunities for higher education but also to develop basic research of academic interest as well as applied nature. The Department is with most basic amenities for academic such as animal rich museum and research laboratory. Research laboratory is recognized by Dr.BAMU, Chh. Sambhajinagar. The faculty members of department have actively involved in research activity. More than 100 research papers and more than 40 books have been published by the staff members. The major research projects funded by different agencies are successfully completed by faculty during last ten years.

ABOUT THE CONFERENCE

The National Conference On Recent Trends In Biological and Environmental Sciences (NCRTBES) aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results about all aspects of

Biology and Environmental Science. The goal of sustainable development is to meet the needs of present generation without endangering the ability of future generations to fulfill their own needs. We may lessen the negative effects of human activity on the environment and create the conditions for a more affluent future by putting into practice sustainable behaviors, such as switching to renewable energy sources, preserving natural resources, and encouraging responsible consumption and production patterns. It also provides the premier interdisciplinary forum for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the fields of Biology and Environmental Science. This event will be organized by Department of Zoology, Yogeshwari Mahavidyalaya, Ambajogai.

THEMES OF CONFERENCE

The conference major themes are

- * Role of biological sciences in sustainable development.
- * Advanced techniques in biology and environmental science.
